

K.I.N.D. is a voluntary intervention for young people using violence, past or presently, in their family setting or intimate partner relationships.

It is a flexible non-gendered program working with 15-25 year olds which includes one-to-one psychoeducational therapeutic sessions. The program can work with young people as young as 12 years old but these are considered on a case-by-case basis.

We would appreciate you providing us with the following information to inform our allocation of service by speaking to the factors below.
